

Is currently looking for a
DevOps Engineer – Intern

We are:

Ibis Solutions is a part of the **Ibis Group** that has been successfully operating in Southeast Europe and beyond for more than 25 years. Thanks to long-standing partnerships with companies such as IBM, Oracle, Salesforce, Red Hat, Ui Path, etc., and innovative, outstanding solutions made by an internal multi-functional development team, Ibis Solutions has so far provided significant support to over 50 clients from around the World.

We are looking for a highly motivated, positive, and productive **DEVOPS ENGINEER - INTERN**, who will join our team.

What will you be doing:

- Participating in the processes of strategic product-planning to create and share operational requirements.
- Installing and configuring solutions, implementing reusable components, and assisting with all stages of product testing.
- Building automated deployments.
- Maintaining and troubleshooting existing systems and helping create requirements and procedures for implementing routine maintenance.
- Evaluating the performance of existing platforms, giving recommendations for enhancing performance and identifying the most practical alternative solutions.

We expect that you have:

- Relevant university degree or final year of studies (Faculty of Electrical Engineering, FON or Faculty of Mathematics)
- Basic knowledge of Linux and Windows OS
- Basic knowledge of networking

- Knowledge of Docker and Kubernetes, any source control tool, SQL, and relation databases is a plus
- Specific knowledge of Red Hat OpenShift, Tekton, Jenkins, GitHub/Gitlab is a plus
- Understanding of programming concepts
- Proficiency in English
- Good time management and organizational skills

You are:

- Passionate about technology
- Eager to learn, open-minded and hardworking person
- Up-to-date with latest technology trends
- Proactive problem solver
- Open to receive and apply constructive feedback
- Able to effectively communicate

We offer:

- Opportunity for professional development
- Onboarding process with great mentors
- Coaching and training to help you grow
- Working closely with leading telecommunication operators in the region
- Flexible working hours
- Fitpass, MyFitWorld application and various sports and team building activities

Sounds interesting?

If yes, show us what you've got and send your CV at career@ibis-solutions.rs
Have in mind that only candidates selected for an interview will be contacted.
